EMPLOYEE INDUCTION

How to confirm your attendance

Review the programme schedule and confirm your attendance securely.

WHAT YOU NEED

Your attendance invitation email and your NAMFISA Windows account.

The invitation email contains the programme date, venue and presentation schedule.

1 Open the invitation

Open the email titled **Attendance confirmation**. It is sent before the induction programme starts.

2 Review the schedule

Check the programme date, venue, presentation times, divisions and presenters listed in the email.

3 Select Confirm attendance

Use the **Confirm attendance** button. If it does not open, copy the web address from the email into your browser.

4 Sign in securely

Sign in with your NAMFISA Windows account. The system checks that the induction record belongs to your AD ID.

5 Choose your response

Select **Present** if you are attending or **Absent** if you cannot attend, then save your confirmation.

6 Look for confirmation

The page shows that your response was recorded. If you attend, HRBP will send a separate feedback link after the programme is completed.

IMPORTANT

Confirm attendance only for yourself and do not forward your personal check-in link to another employee.

Unable to confirm attendance?

Check that you are signed in with the employee AD account shown on your induction record. If the link is unavailable or your details are incorrect, contact your HR Business Partner.
